PROPOSED RENEWAL OF AUTHORITY FOR THE COMPANY TO PURCHASE ITS OWN SHARES

1.0 INTRODUCTION

- 1.1 On 5 August 2026, the Board of BAUTO announced that the Company proposes to seek a shareholders' mandate to renew the authority for BAUTO to purchase its own shares on the Exchange of up to ten percent (10%) of the total number of issued shares. The maximum funds to be allocated by the Company for the purpose of purchasing the ordinary shares shall not exceed the total retained profits of the Company.
- 1.2 The purpose of this Statement is to provide you with the relevant details of the Proposed Share Buy-Back and to seek your approval for the ordinary resolution to be tabled at the forthcoming AGM, which will be held at Glenmarie Ballroom, Hilton Shah Alam Glenmarie, No. 1, Jalan Usahawan U1/8, Seksyen U1, 40250 Shah Alam, Selangor Darul Ehsan, Malaysia.

2.0 DETAILS OF THE PROPOSED SHARE BUY-BACK

- 2.1 BAUTO had, at its last AGM held on 8 October 2025, obtained its shareholders' mandate for the Company to purchase its own shares and the aforesaid mandate will continue to be in force until the conclusion of the forthcoming AGM which will be held on 7 October 2026.
- 2.2 A new mandate is required from the shareholders of the Company to renew the authority to purchase up to ten percent (10%) of its issued share capital on the Exchange, subject to the compliance with Section 127 of the Act and the Prevailing Laws at the time of purchase. This new mandate from the shareholders of the Company will be effective immediately upon the passing of the ordinary resolution for the Proposed Share Buy-Back at the forthcoming AGM and will continue to be in force until:-
- (a) the conclusion of the next AGM of the Company following the AGM at which such ordinary resolution was passed, at which time it will lapse, unless by ordinary resolution passed at that general meeting, the authority is renewed, either unconditionally or subject to conditions; or
 - (b) the expiration of the period within which the next AGM of the Company after that date it is required by law to be held; or
 - (c) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting;
- whichever occurs first.
- 2.3 Based on Record of Depositors as at 31 July 2026, the issued share capital of the Company is 1,172,176,878 BAUTO Shares. The number of shares that can be purchased by the Company is up to 117,217,687 BAUTO Shares representing up to ten percent (10%) of the issued share capital of the Company inclusive of the 38,160,400 BAUTO Shares that have been purchased and retained as Treasury Shares. As such, the balance that can be purchased by the Company is up to 79,057,287 BAUTO Shares.

As at 31 July 2026, BAUTO has 17,618,810 unexercised BAUTO ESS options and 3,758,400 unvested BAUTO ESS shares. The issued share capital of the Company will increase as a result of the exercise of the BAUTO ESS options and/or due to the vesting of the BAUTO ESS shares. As such, the maximum number of ordinary shares that can be purchased by the Company will be based on up to ten percent (10%) of the enlarged issued share capital of the Company at the time of purchase less the Share Purchased and retained as Treasury Shares, which based on Record of Depositors as at 31 July 2026 is 38,160,400 BAUTO Shares.

- 2.4 The amount of funds to be allocated for the purchase of BAUTO Shares pursuant to the Proposed Share Buy-Back will be financed through internally generated funds and/or borrowings, the proportion of which will depend on the quantum of the cash consideration as well as the availability of internally generated funds and/or borrowings at the time of the purchase(s). In the event the Proposed Share Buy-Back is to be partly financed by borrowings, the Company expects that it will be capable of repaying the borrowings and that the borrowings will not have any material impact on the cash flow of BAUTO Group. In addition, the Board of BAUTO will ensure that the Company satisfies the solvency test as provided in Section 112(2) of the Act prior to implementation of the Proposed Share Buy-Back.
- 2.5 The actual number of Shares Purchased, the total amount of funds to be utilised for each purchase and the timing of the purchase will depend on, inter-alia, the market conditions and sentiments of the stock market, the availability of financial resources and the retained profits of the Company. The total consideration for the Proposed Share Buy-Back shall not exceed the retained profits of the Company. The retained profits of the Company as per audited financial statements as at 30 April 2026 is set out below:-

**Audited as at
30 April 2026
RM'000**

Retained profits	33,245
Consideration of Treasury Shares already purchased	(32,103)
Balance limit of funds available	<u>1,142</u>

- 2.6 The Board of BAUTO may resolve to cancel all the Shares Purchased, or retain all the Shares Purchased as Treasury Shares, or retain part thereof as Treasury Shares and subsequently cancelling the balance.

In the event that the Board of BAUTO resolves to cancel or retain the Shares Purchased, the BAUTO Group would expect to enhance its EPS and thereby investors are expected to enjoy a corresponding increase in the value of their investments in the Company.

If the Shares Purchased are to be kept as Treasury Shares, it may be realised with potential gain without affecting the total issued share capital of the Company. The Company may also utilise the Treasury Shares as share dividends to its shareholders depending on the availability of profits of the Company and/or resell the Treasury Shares in the open market to realise profit from any subsequent price appreciation of the BAUTO Shares. The Treasury Shares may be transferred for the purpose of an employees' share scheme or as purchase consideration.

- 2.7 BAUTO may only purchase its own shares on the Exchange at prices which are not more than fifteen percent (15%) above the weighted average market price of the BAUTO Shares for the five (5) market days immediately before the purchase.

The Company may only resell the Treasury Shares on the Exchange or transfer the Treasury Shares pursuant to Section 127(7) of the Act, at:

- (a) a price which is not less than the weighted average market price of the BAUTO Shares for the five (5) market days immediately before the resale or transfer; or
 - (b) at a discounted price of not more than 5% to the weighted average market price of the BAUTO Shares for the five (5) market days immediately before the resale or transfer provided that:
 - (i) the resale or transfer takes place not earlier than 30 days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of the BAUTO Shares being resold or transferred.
- 2.8 The Proposed Share Buy-Back will be in accordance with the Prevailing Laws at the time of the purchase including compliance with the twenty-five percent (25%) shareholding spread as required by the Listing Requirements. Based on Record of Depositors as at 31 July 2026, the public shareholding spread of BAUTO is 82.03%. On the assumption that the shareholdings of the Directors and substantial shareholders of BAUTO and/or persons connected with them remain the same and that all the Shares Purchased are retained as Treasury Shares or cancelled, the proforma public shareholding spread of the Company as at 31 July 2026 would be 80.70%.

3.0 RATIONALE FOR THE PROPOSED SHARE BUY-BACK

- 3.1 The Proposed Share Buy-Back will enable the Company to utilise any of its surplus financial resources to purchase its own shares which may have positive impact on the market price of BAUTO Shares. The Proposed Share Buy-Back, if implemented, may help to stabilise the supply and demand of the BAUTO Shares traded on the Exchange and thereby supporting its fundamental value.
- 3.2 The Proposed Share Buy-Back may also improve the future EPS of the Group and the return on equity as a result of a reduced share capital base if the Shares Purchased are subsequently cancelled.
- 3.3 If the Shares Purchased are to be retained as Treasury Shares, it will provide an option for the Company to resell the Treasury Shares at a higher price and generate capital gain for the Company. Alternatively, it may be distributed as share dividends to BAUTO's shareholders in the future.

4.0 POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

- 4.1 The potential advantages of the Proposed Share Buy-Back are as follows:-
- (a) allows the Company to take preventive measures against speculation particularly when the BAUTO Shares are undervalued; and
 - (b) allows the Company flexibility in attaining its desired capital structure.

- 4.2 The potential disadvantages of the Proposed Share Buy-Back are as follows: -
- (a) the Proposed Share Buy-Back will reduce the surplus financial resources of the Group and may result in the Group foregoing better investment opportunities that may emerge in future; and
 - (b) as the Proposed Share Buy-Back can only be made out of retained profits of the Company, it will result in the reduction of financial resources available for distribution to shareholders in the immediate future.
- 4.3 Nevertheless, the Board of BAUTO will be mindful of the interests of BAUTO and its shareholders in implementing the Proposed Share Buy-Back and its subsequent decisions in handling such Shares Purchased.

5.0 EFFECTS OF THE PROPOSED SHARE BUY-BACK

5.1 Issued Share Capital

- 5.1.1 If the Shares Purchased are to be fully retained as Treasury Shares, the Proposed Share Buy-Back will not have any effect on the issued share capital of BAUTO. However, the rights attaching to them as to voting, dividends and participation in other distributions and otherwise are suspended and the Treasury Shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares for any purpose including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.
- 5.1.2 The issued share capital of BAUTO will decrease if the Shares Purchased are cancelled. The proforma effect of the Proposed Share Buy-Back on the issued share capital of the Company (based on Record of Depositors as at 31 July 2026) on the assumption that BAUTO purchases and subsequently cancels up to 10% of the existing issued share capital is as follows:-

	No. of BAUTO Shares
Issued share capital as at 31 July 2026	1,172,176,878
Less: Assumed cancellation of the Treasury Shares as at 31 July 2026	(38,160,400)
Voting shares as at 31 July 2026	1,134,016,478
Less: Assumed cancellation of the balance 10% BAUTO Shares that can be purchased as at 31 July 2026	(79,057,287)
Resultant issued share capital	1,054,959,191

5.2 NA and EPS

5.2.1 NA

The NA per share may be increased or decreased, depending on the purchase price and the number of Shares Purchased. Should the purchase price per Share Purchased exceeds its existing NA per share at the time of purchase, the resultant NA per share would decrease accordingly.

Conversely, should the purchase price per Share Purchased be lower than its existing NA per share at the time of purchase, the resultant NA per share would increase accordingly.

5.2.2 EPS

The effects of the Proposed Share Buy-Back on the EPS of BAuto would depend on the number of Shares Purchased.

5.3 Working Capital

The Proposed Share Buy-Back is likely to reduce the working capital of the Group, the quantum of which will depend on the actual purchase price and number of Shares Purchased.

5.4 Dividends

The Proposed Share Buy-Back may reduce the amount of distributable reserves available for payment of dividends in the immediate future.

5.5 Directors' and Substantial Shareholders' Shareholdings

5.5.1 Directors

The effects of the Proposed Share Buy-Back on the shareholdings of the Directors of BAuto based on the Register of Directors are as follow:-
